Re: **MB Docket No. 05-317**
WNKY-DT, Bowling Green, Kentucky (Facility Id. No. 61217)
TELEVISION STATION SECTION 339(a)(2)(D)(vii) WAIVER EXTENSION
REQUEST

Dear Ms. Dortch:

MMK License LLC (FRN: 0008572927) ("Max Media"), the permittee of television broadcasting station WNKY-DT ("WNKY"), Bowling Green, Kentucky, by its attorney, hereby requests an extension of waiver of the digital signal testing requirement,¹ in accordance with the statutory criteria set forth in 47 U.S.C. § 339(a)(2)(D)(viii), and pursuant to the procedures set forth in DA 07-3201, released July 13, 2007. WNKY is entitled to an extension based on the fact that "no satellite carrier is providing the retransmission of the analog signals of local network stations" in WNKY's local market.²

On February 15, 2007, Max Media filed a request for waiver of the digital signal testing requirement for WNKY. The Commission granted the waiver on July 13, 2007 because no satellite carrier was providing local-into-local analog service in WNKY's local market, the Bowling Green, Kentucky DMA ("Bowling Green DMA"). At the time, DirecTV, EchoStar and All American Direct (in conjunction with EchoStar) were the only satellite carriers providing DBS service in the Bowling Green DMA. None of these satellite carriers provided satellite retransmission of the analog signals of local network stations in the Bowling Green DMA. The situation remains unchanged, as no satellite carrier currently provides local-into-local analog service in the Bowling Green DMA; therefore, WNKY is entitled to a six-month extension of the waiver of the digital signal testing requirement.

² 47 U.S.C. § 339(a)(2)(D)(viii)(VI).
